SB503: Breakfast after the Bell

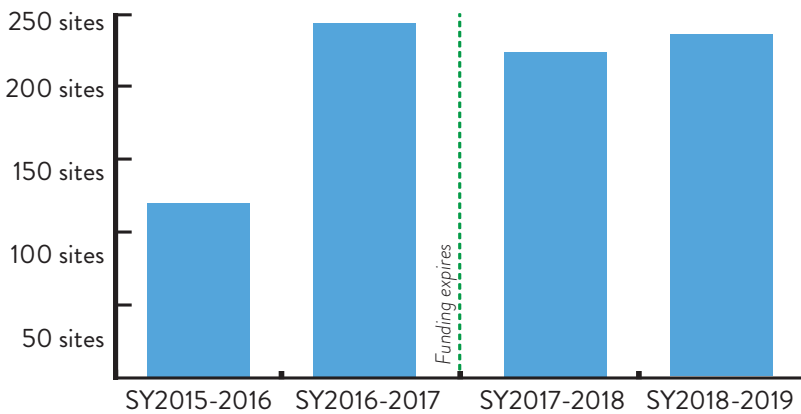

2018-2019 School Year Final Report

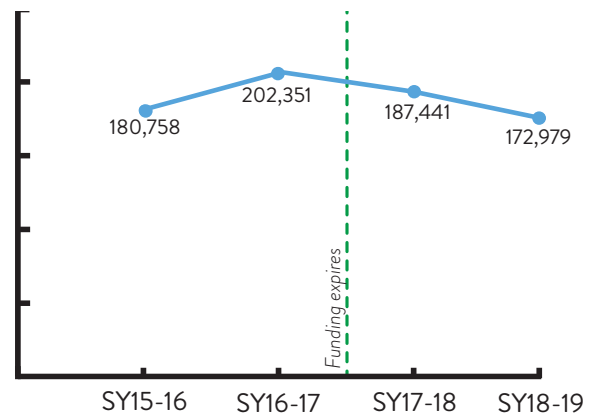

Signed into law by Governor Brian Sandoval on June 12, 2015, Senate Bill 503, also known as the Breakfast after the Bell bill, required all Nevada schools with 70 percent or greater free/reduced lunch eligibility to implement an option for students to have access to breakfast after the start of the school day. The bill set aside \$2 million in grant money to assist in implementation over two years, from 2015-2017. Since school year (SY) 2017-2018, implementation costs are absorbed by the School Food Authority for all new and existing eligible schools.

BREAKFAST IN SB503 SCHOOLS

NUMBER OF SB503 APPROVED SCHOOLS ¹
