Tentative Livestock Scale
Schedule Summer 2011**

The Elko livestock schedule, as planned, is as follows. Please be aware that weather, equipment failure, personal leave time, etc. can cause changes to our schedule. For example the livestock equipment is currently in the shop having work done on the parking brake. Should we have excessive thunderstorm activity some scales may not be accessible. During instances where we have to alter our schedule we make every effort to let those scale owners know we may not make it to their scales during our scheduled time.

These two weeks have had letters sent out to the owners telling of our arrival.
