PLACED IN SERVICE PROCEDURES

All RSA Applicants MUST complete this section

To all Registered Service Agents/Agencies (RSA):

Nevada Administrative Code 581 specifically requires that any repair, adjustment or installation of a device must be reported to the Division of Consumer Equitability. This enables us to effectively schedule tests and inspections of new or repaired equipment in a timely and efficient manner.

Please follow these requirements selecting ONE option. Excerpted from NAC 581:

NAC 581.370 Duties of repairman. (NRS 581.050, 581.067) A person who installs or male a repair or adjustment to a weighing or measuring device shall:

1. **Within 24 hours after installing the device or making repair or adjustment to the device, notify the State Sealer of Weights and Measures by oral communication** that the device has been installed or that the repair or adjustment has been made; and
2. **Within 5 days after installing the device or making the repair of adjustment to the device, submit to the State Sealer of Weights and Measures a written notification of the installation, repair or adjustment on a form prescribed by the State Sealer of Weights and Measures.**

Please note: The requirements above may also be met by submitting a photo by mobile device or scan copies of the Placed in Service Report and colored tags to: rsa@agri.nv.gov

Beginning January 1, 2010, failure to inform Consumer Equitability in any of the above circumstances will be issued a fine of \$25.00 for EACH device imposed upon the RSA.

A subsequent or second violation will be raised to \$50.00 per device, then \$100.00 per device. After the third violation, the RSA may face an administrative hearing that could result in removal from the RSA program.
