

Nevada Schools: Number of Free and Reduced Students by School Building 2023-2024

The numbers below were self-reported by the School District or Charter School as of October 31, 2023. Schools marked with an ** do NOT operate the National School Lunch Program (NSLP). Schools not operating NSLP utilize an application which establishes economic status, but the information is not verified. The Nevada Department of Agriculture, Division of Food and Nutrition, does not verify or monitor the free and reduced application procedures of non-NSLP schools. Guidance documents on Determining & Verifying Eligibility for School Meals and an alternate income verification form are provided and may be used at the schools discretion.

Community Eligibility Provision (CEP) school sites utilize a Special Provision Option outlined by USDA to streamline their counting and claiming process for NSLP. These sites do not collect Free/Reduced applications. The Free/Reduced percentages reported below for CEP schools are reflective of the individual school site's free and reduced meal data established during their base year.
