

Requirements for pasture cattle entering Nevada.

All livestock entering Nevada for pasture must meet Nevada's brand inspection and health requirements.

1. If the livestock are to run on public land or will be branded in this state, then the brand must be recorded as a temporary pasture brand. The form to record a temporary brand is on this website under "Forms" or you can call the Elko Office at 775-738-8076.
2. For health requirements and entry permits, call the State Vet's office at 775-738-8076.
3. For "Pasture to Pasture Permits" call 775-353-3700.
4. All out of state livestock owners are required to pay the annual "Livestock Assessment".
5. Nevada Revised Statutes do not recognize the California "50 Mile" Permit for any livestock entering or leaving Nevada.
