Nevada Risk Management Education AGRIBUSINESS ECONOMIC OUTLOOK: PRICES AND DROUGHT

A Workshop for
University of Nevada Cooperative Extension's
Tomorrow's Table Program

About **RMA**

The role of USDA's Risk Management Agency (RMA) is to help producers manage their business risks through effective, market-based risk management solutions. RMA's mission is to promote, support, and regulate sound risk management solutions to preserve and strengthen the economic stability of America's agricultural producers. As part of this mission, RMA operates and manages the Federal Crop Insurance Corporation (FCIC). RMA was created in 1996; the FCIC was founded in 1938. Nevada Targeted States Risk Management Education focuses on increasing producer awareness and understanding of current Federal crop/livestock and revenue insurance programs, as well as educating producers on agricultural risks they face daily.

About **THIS WORKSHOP**

University of Nevada Cooperative Extension in conjunction with United States Department of Agriculture, present a workshop focusing on providing information on agricultural economic trends and financial assistance that is available to mitigate drought impacts on agricultural production.

For additional information or to register, please contact:

Heather Steel
Registration Coordinator

UNCE, Elko County
701 Walnut St.
Elko, NV 89801
Phone: 775-934-8021
