This holiday season we hope that you look to one of our quality, Nevada businesses to find the perfect gift. This Buy Nevada holiday catalog offers a number of resources to great Nevada made or grown food and agricultural products that will directly benefit the state of Nevada!

Buy Nevada is a Nevada Department of Agriculture program that promotes businesses selling food and agricultural products. The Department's mission is to protect and advance agriculture. For this reason, the state formed an organization that covered the state's entire ag. industry. Top agricultural industries include livestock, hay production, vegetables, melons and dairy. This is in addition to growing urban agricultural and food movements. Similar to most other states, the Buy Nevada program represents a state-led effort to promote these industries as a whole.

Please visit our website [BuyNevada.org](http://BuyNevada.org) for access to all Buy Nevada members. This catalog is only a selection of member businesses and is not inclusive.

Buy Nevada, and Happy Holidays.

## *Twisted Vintage Emporium*

Twisted Vintage Emporium sells custom hand-made jewelry, vintage and recycled clothing, and props for historical reenactors, steampunk enthusiasts, and cosplayers. We believe in reuse, renew and repurpose in this disposable world. We make jewelry in the Victorian romantic style. We try to invoke fantasy, mystery and romance in our pieces. The steampunk props are intended to feel as if they could take the owner on grand adventures in a steam powered airship or navigate uncharted lands. And of course one needs the proper attire to wear on that grand adventure.
