Noxious Weed Complaint Form

Description of Infestation:

How tall are the plants, what shape are the leaves, are the plants young or have they flowered, what color are the flowers, etc.

Detailed Complaint Information:

Is there one plant or multiple, how big of an area do the plants occupy, how long have the plants been on the property, or any other information you would like to share.

May We Contact You For More Information?

Preferred Method of Contact:

Address:

Phone Number:

Email:

Please Email Pictures of this Infestation; it will greatly assist in proper identification as well as location!

Please send pictures of the weeds (if available) to nvweeds@agri.nv.gov. Pictures can help with identification and documentation. Pictures of the whole plant, the leaves and stem, and the flower are most helpful. Please write the address or location of the property with the weeds in the subject or body of the email so they can be matched up with the complaint. Note: Due to email size limitations please do not send individual emails over 6MB. Instead please send multiple emails with one or two pictures a piece.

Thank you for your concern regarding noxious weeds in the State of Nevada, we look forward to addressing this concern and reaching a resolution to this matter.

Thank You,

Nevada Department of Agriculture
Noxious Weeds Program

Submit

This submission button will direct you to your email service where you can attach the file and send it to a pre-defined email address. This is where you will also have the option to attach pictures of the infested area.
