**\*\*When arranging a purchase, certified industrial hemp seed producers are required to verify that the purchasing party holds a valid industrial hemp grower's or handler's certificate prior to completing a transaction. Seed producers are also mandated to maintain chain of custody pursuant to each transaction, documenting the buyer, certificate number, date of transaction, quantity of seed, and varieties exchanged. Records are subject to NDA inspection upon request.**

**All seed is subject to the requirements set forth within Nevada Revised Statute Chapter 587, Nevada Administrative Code Chapter 587 and the Federal Seed Act. All companies/individuals who sell and/or label industrial hemp seed in NV must be certified to do so. All seed entered into commercial sale must have the appropriate testing and labeling conducted prior to a sale occurring. The following information must be listed on an agricultural seed label:**

- 1) The name or kind of seed present; (i.e. Industrial Hemp);
- 2) The variety name or the letters VNS (variety not stated);
- 3) A lot number;
- 4) Origin (State);
- 5) Percentage by weight of all weed seeds;
- 6) The name and rate of occurrence of all restricted noxious weed seeds;
- 7) Percentage by weight of inert matter;
- 8) Percentage of germination, exclusive of hard or dormant seed;
- 9) Percentage of hard or dormant seeds, if present;
- 10) The calendar month and year that the test was completed to determine germination percentages. \*\*
