Great Basin Partnerships within the Cycle of Seed Collection, Development, Production, and Use

**Collecting Seed:**
- BLM/FWS/FS
- Great Basin Native Plant Project
- Mining Industry
- Non-Profit Groups
- State Agencies

**Develop Seed Transfer Guidance:**
- Great Basin Native Plant Project

**Figuring Out How to Germinate, Establish and Manage Fields:**
- Great Basin Native Plant Project
- Universities
- NRCS Plant Materials Centers

**Outreach to Growers:**
- NRCS Plant Materials Centers
- Resource Conservation Districts
- State Dept. Ag

**Helping Growers Establish Fields:**
- RCDs
- NRCS Plant Materials Centers

**Producing Seed:**
- Non-Profit Groups
- Private Growers
- State Nurseries

**Collecting Wildland Seed:**
- Federal Agencies
- Non-Profit Groups
- Seed Industry
- State Forestry Programs
- Seed Cleaning and Testing Facilities

**Using Seed:**
- BLM/FWS/FS
- Mining Companies
- Ranchers
- State Agencies
- Wildlife Forestry Highways

**Understanding How to Use Seed:**
- Great Basin Native Plant Project
- Universities
- USGS

**Storing Seed:**
- BLM/FS Seed Warehouses
- Private Growers
- State Seed Warehouses

**Procuring Seed:**
- BLM Seed Warehouse
- Seed Industry
- Seed Certification Programs
- State Agencies
- Seed Cleaning and Testing Facilities
- Crop Improvement Associations

**Native Seed Collection for Increase & Development**

**Evaluation & Development**

**Field Establishment**

**Seed Production**

**Seed Procurement**

**Wildland Seed Collection for Direct Application**

**Seed Storage**

**Native Seed Collection for Increase & Development**

**Restore Native Plant Communities**

**Using Seed**

**Understanding How to Use Seed**
