MM/DD, 2015

Dear Ranch/Scale Owner:

The Bureau of Weights and Measures is beginning the 2015 Livestock Scale Testing Program. We plan on being in your area MM/DD thru MM/DD, 2015 +/-. Occasionally we are diverted from our schedule because of circumstances beyond our control. If this occurs we will make every effort to contact you if our schedule changes.

Attached is a CHECK LIST to ensure your scale is ready to be inspected. Please take the time to look over your scale and make sure the listed items have been checked and any problems corrected. It is the scale owner's responsibility to ensure that their equipment is ready for inspection.

Please note that revisits to scales that are not ready to be tested will create additional costs on your part in which time, mileage and special check fees are applicable.

Also note that if your scale is tagged for any reason it will need to be repaired by a Registered Service Agent/Scale Mechanic before Weights & Measures will return for a recheck.

Should you have any other questions please call our Sparks Office at 775-353-3782 or Elko Office at 775-738-8076.

Sincerely Yours,

Bart O'Toole

Administrator
