Nevada Revised Statute Chapter 287 has been amended through 2021 AB 253 to allow public meetings to be completed by use of remote technology and without a physical location.

The purpose of the workshop is to receive comments from all interested persons regarding the permanent adoption of temporary regulations LCB T001-21 that pertain to chapter 557, of the Nevada Administrative Code. The proposed permanent adoption of temporary regulations LCB T001-21 has been designated as File No. R011-21 by the Nevada Legislative Counsel Bureau.
NAC 557 revisions are in response to the Agriculture Improvement Act of 2018 and corresponding Final Rules. In order for the Nevada Department of Agriculture (NDA) to be approved by USDA to have primary regulatory oversight, adherence to the Final Rules must be demonstrated. The revisions include a proposed fee increase needed to support program administration and meet federal requirements. This includes the following: establishing provisions relating to the registration of growers and producers; setting forth certain reporting requirements for registrants; establishing provisions relating to the sampling and testing of hemp; setting forth certain requirements for the disposal of noncompliant crops; establishing provisions relating to persons who commit certain violations relating to the regulation of hemp; establishing fees for registration as a grower, handler or producer; imposing civil penalties; repealing certain obsolete provisions; and providing other matters properly relating thereto.

The proposed amendment can be found on the Nevada Department of Agriculture website at www.agri.nv.gov or by contacting awhitenack@agri.nv.gov.

Persons wishing to comment upon the regulation draft of the Nevada Department of Agriculture may attend virtually to the workshop or may address their comments, in written form, to the address below.
