

Nevada Schools: Number of Free and Reduced Students by School Building 2019-2020

The numbers below were self-reported by School District or Charter Schools as of October 31, 2019. Schools marked with an ** do NOT operate the National School Lunch Program (NSLP). Schools not operating NSLP utilize an application which establishes economic status, but this information is not verified. NDA, Food and Nutrition Division, does not verify nor monitor the free and reduced application procedures of non-operating NSLP schools. We have provided guidance documents on Determining & Verifying Eligibility for School Meals, and an alternate income verification form that they may use at their discretion.

Provision II and Community Eligibility Provision (CEP) school sites utilize a Special Provision Option outlined by USDA to streamline their counting and claiming process for NSLP. These sites do not collect Free/Reduced applications. The Free/Reduced percentages reported below for these special provision sites are reflective of the individual school site's free and reduced meal data established during their base year.
