

## June 5, 2019 Communications & Promotions Update

### Administration Division

#### Outreach and Education

- Fulfilled five educator requests for agricultural literacy materials.
  - An additional almost 1,000 meal pattern workbooks to help students learn about food, agriculture and nutrition were distributed to teachers in March and April during the: Elko County Agriculture in the Classroom Teacher Workshop, Nevada School Garden Conference in Reno, and the Green Our Planet School Garden Conference in Las Vegas. Additional NDA agricultural literacy materials and industry partner educational materials were distributed at these events as well.
- Facilitated agricultural literacy activities and distributed materials at 13 educational or community events across six counties (Carson City, Clark, Douglas, Elko, Humboldt, Washoe).
  - Moolissa attended six of these events.
- Supported Nevada FFA with the creation of programs, award announcements and media relations during State Convention.
- Supported Food and Nutrition Division material needs for the Nevada School Wellness Conferences with the creation of programs and signage.
- Hosted the 2019 Nevada School Garden Conference at Mountain View Montessori in Reno, April 13 with 60+ in attendance.
  - Topics included vermicomposting, straw bale gardening, cooking with school garden produce, resources for sustaining a school garden program, hatching chicks in the classroom, and curriculum integration resources.
- Created a Weed Warriors flyer, a support ag literacy piece for teachers to use to teach lessons on noxious weeds and the resources available from NDA.
- Hosted "Growing Nevada" Agriculture Day at the Legislature on April 30 with 70+ attend.
- Partnered with nonprofit, Spread the Word Nevada, to host Farm to School events on May 8 during Breakfast and Snack time with Books programming at two Washoe County elementary schools. As part of their programming to support family literacy, NDA provided
  - donation of agriculture-accurate books,
  - Director Ott read a food themed children's book to the group,
  - Local cherry tomatoes for a snack and a farmer presentation were provided by Dayton Valley Aquaponics
- Delivered new mechanical dairy cow, Moonique, to the Vegas office and hired community instructors to start delivering education in southern Nevada June 2019.
