

## Nevada Department of Agriculture: 2022 Indoor Growing Industry Survey

**Thank you for participating in the Nevada Department of Agriculture (NDA) Indoor Growing Industry Survey. For this survey, indoor growing is defined as crops grown in hoop houses (fully and partially covered), greenhouses, and indoors (fully controlled environments). Your participation will provide data not currently being collected to ensure your industry is accurately represented as a segment of Nevada's food and agriculture sector. This data will help the NDA as we seek funding opportunities to support Nevada's indoor agriculture industry and provide insight into resource needs.**

**Deadline for submission is 11:59 p.m. on July 1st, 2022.**

*Disclosure: The NDA 2022 Indoor Growing Industry Survey is designed to collect industry data in an anonymous format. Your participation in this survey is voluntary. Please do not provide contact information, or other identifying information in your response. Should you have questions, or require assistance related to this survey, please contact [jbaggett@agri.nv.gov](mailto:jbaggett@agri.nv.gov), or call 775-353-3610.*

## Nevada Department of Agriculture: 2022 Indoor Growing Industry Survey
