

NASDA FOUNDATION PRESENTS:

WOMEN'S FARM2FOOD ACCELERATOR

Next program starts November 2022!

The Nevada Department of Agriculture (NDA) is seeking participants for the 2022-2023 Nevada Farm2Food Accelerator program! The Farm2Food Accelerator empowers women farmers and entrepreneurs to grow their food and beverage businesses. The 15-week program will run between November 2022 – March 2023, providing women a unique opportunity to:

- Connect with a community of women farmers, food entrepreneurs, and food experts
- Launch a new food/beverage product or enhance an existing product
- Participate in online live 75-minute lunchtime weekly discussions
- Get free consultations and "office hours" with experts
- Attend a national or regional food show

Who is eligible for the Nevada 2022-2023 program?

If you answer "that's me!" to either of the following, we encourage you to apply!

- Are you a farmer with a value-added food or beverage product or product idea?
- Are you a food or beverage entrepreneur whose processed product or product idea consists of ingredients sourced in Nevada?

Selected women will join the course at no-cost to the participant thanks to federal funds to help support Nevada's agriculture and broader community. In return, participants agree to provide feedback to the NDA on the program.
