National Seed Warehouse System

Seed Warehouse System Vision and Goals

- **The Right Seed in the Right Place at the Right Time**
- **Provide Quality Seed for BLM and Interagency Partners**
- **Utilize Recently Increased Storage Capacity Effectively and Efficiently**
- **Increase Seed Buying Capacity and Use Strategic Approaches**
- **Focus on Communication, Partnerships & Customer Service**

Who are the Customers?

- 40 BLM Field Offices in 11 Western States
- BLM Programs (ES&R, Fuels, HLI, Range, and Wildlife)
- Typically, we fill and mix over 250 Seed Requests a year

Partners with cooperative agreements

US Army Corps
of Engineers®

Seed Storage Capacity - 2.6M

Storage Capacity Increased by 1.1 Million Pounds in 2017:

- New Narrow Isle Rack Configuration
- New Articulating Forklift to Operate Safely in Narrow Isles

As of the Fall of 2020 both the Ely Nat. Seed Warehouse and Boise Nat. Seed Warehouse Have Mixing Capability

Two BLM Procurement Tools

BLM Consolidated Competitive Seed Buys

- Spring Seed Buy Early April to Stock Both the Ely, NV and Boise, ID Warehouse's and Conducts 3 Rounds of Seed Buy in the Fall with a 90 Day Buying Window

BLM Native Forb and Grass Indefinite Delivery, Indefinite Quantity Seed Increase/Grow-Out

Seed Inventory & Price Sheet Example

National Seed Warehouse System Inventory

***(SI) = Source Identified Plant Material**

(SI) means (Collected from Field location or farm produced from a source Field location)

Call the Warehouses for specific (SI) locations Boise 208-384-3277 and Ely 775-289-3461

All other Seed Types are either Native or Non Native Cultivars

See: Seed Tag Illustrations at the end of the list
