Policy and Guidance

- CFR 5400 regulations guide vegetation permits/contracts
 - CFR 5402.0-6 specifies the conditions under which a permit may be issued
- IM-WO-2013-0176 Seed Collection Policy and Pricing
 - Main guidance that provides consistency for processing seed collection permits

IM-WO-2013-0176

Seed Collection Policy and Pricing

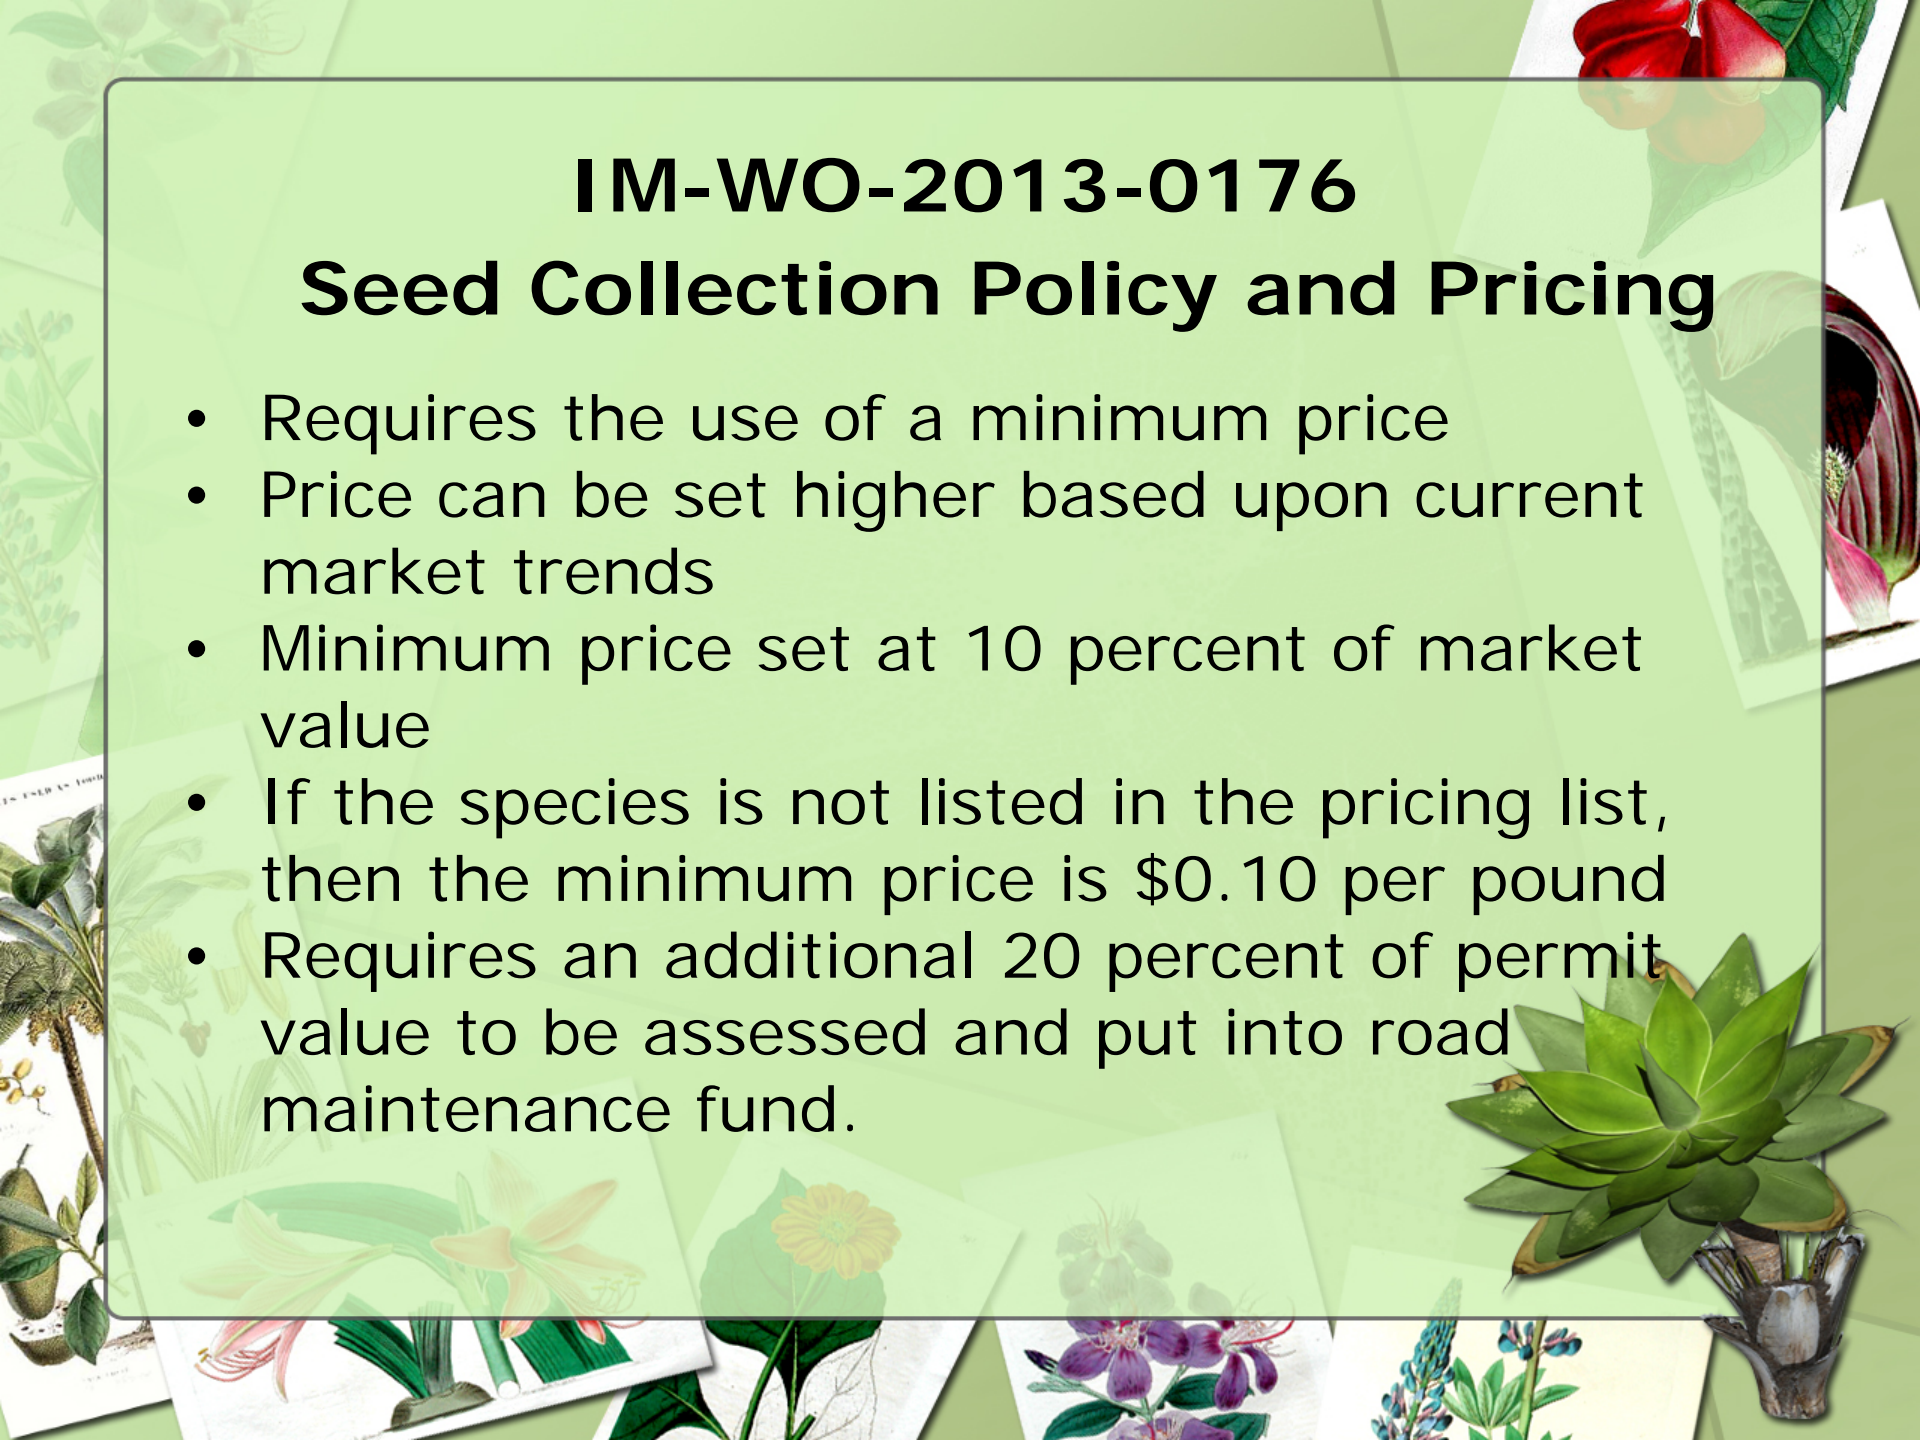

- Requires competition unless impractical
- Only 10 pound increments by species
- Original permit must be in possession of all collectors/harvesters
- Encourages a seed collecting log and GPS locations (source identification)
- Bonding is required for all sales of \$2,500 or more (20 percent bond).
- Include stipulations attached to permit

IM-WO-2013-0176

Seed Collection Policy and Pricing

- Requires the use of a minimum price
- Price can be set higher based upon current market trends
- Minimum price set at 10 percent of market value
- If the species is not listed in the pricing list, then the minimum price is \$0.10 per pound
- Requires an additional 20 percent of permit value to be assessed and put into road maintenance fund.

NATIVE PLANT SEED COLLECTION PRICING TABLE

MAY 1st, 2020 (Prices are updated yearly in the spring)

Seed Collection Policy and Pricing: Instruction Memorandum No. 2013-176 directs the uniform Seed Collection Permitting and Pricing Policy within the Bureau of Land Management (BLM).

Program Area: Vegetative Permits and Contracts, Range, Botany, Forestry, Fuels and Emergency Stabilization and Rehabilitation (ES&R).

In conformance with IM-2013-176, prices have been set at **10 percent** of the average price of clean delivered seed as determined by the two annual seed buys conducted by National Seed Warehouse. For wildland collections, the unclean seed collected is often a higher gross volume than the net cleaned volume. For example, a wildland collection may have a gross volume of 1000 lbs but when cleaned it nets 100 lbs. The BLM charge rate is the price of wildland seed per pound, which is 10% of the price of clean seed.

For new species not currently on the price list, a minimum price of **\$0.10 per pound** will be used. The FO may set a higher price based on local market appraisal.
