

2023 Hemp Handler Application
Plant Industry Division

Handler information

A hemp handling facility is defined as a facility receiving raw hemp material for processing into commodities, products, or agricultural hemp seed. The Hemp Handler certificate applies to processors who will be processing using agricultural processing methods. Agricultural processing methods includes grinding, pressing, hemp seed cleaning, oil extraction, etc.

Application instructions

- Please file a separate application per facility location. It is possible to file multiple applications under one comprehensive payment for all locations, if the applicant intends to manage multiple handling facilities.
- When submitting this application, please ensure all information provided is accurate and current. Modification of a submitted application will require a \$250.00 amendment fee.
- It is the responsibility of each approved handling facility to follow safety guidelines involved with each manufactured product. Please refer to Nevada Administrative Code chapter 557 for testing requirements.
- All regulations related to the manufacturing of products apply to handling facilities, especially those manufacturing products intended for human consumption.
- Registration as a handler expires on December 31 of each year and may be renewed upon submission of an applications for renewal.

In signing this document, the applicant agrees to abide by all laws governing hemp within the state of Nevada. Handling industrial hemp material should be done so in a manner that is consistent with Nevada Revised Statute, Chapter 557, Nevada Administrative Code, Chapter 557, and the USDA Final Rule 7 C.F.R 990.
