Seed production description

Describe the area intended for seed production. Include whether the production is indoor or outdoor. Please provide a map of the property and indicate the area intended for seed production on the map.

Varietal details

Please include additional documentation describing varietal characteristics with application, including a report of analysis indicating that varieties possess <0.3% Total Potential THC. Variety selection details may be changed with a notification to the NDA.

Number of varieties intended for production: _____

Certified seed*?

Varietal names: _____

Yes No

**Certified seed is defined in NRS 587.021.*

Associated fees

**The NDA will contact you for payment once the application’s eligibility is confirmed. If you send in payment prior to receiving approval from NDA, it will be returned.*

The applicant shall pay a non-refundable application fee of \$100.00 and:

- Outdoor operations must pay an acreage fee of \$5.00/acre or portion thereof.
- Indoor operations must pay a square footage fee of \$0.33/1,000 square feet or portion thereof.

Applicant is also responsible for (fees are based upon an approximation of actual costs of the inspection and tests):

- inspection rate of \$60.00/hour /inspector for drive time, inspections, and sampling,
- mileage, which will be charged at the current IRS reimbursement rate,
- any analysis that may be conducted by the NDA.

Public information

Would you like your contact information (Farm name, county, city, e-mail) listed on the Nevada Department of Agriculture’s website for potential buyers, industry stakeholders, etc.?

Yes No

Payment submission

The NDA will request payment for the appropriate amount calculated above once the application is reviewed and approved. Any payment submitted prior to NDA request will be returned.

Disclaimer: Once this application is submitted and approved NO changes to the application may be made without NDA approval and a new application submitted.

I agree to abide by all laws and regulations governing the production of seed in the state of Nevada and assume responsibility for maintaining the genetic identity and purity at all stages of production including seeding, harvesting, transporting, processing, and labeling. I acknowledge that my production information may be displayed on the NDA website. Production permits expire on December 31 of each year.
