Applicant is also responsible for (fees are based upon an approximation of actual costs):

- inspection costs at \$50.00/hour /inspector for drive time, inspections and sampling,
- mileage, which will be charged at the current IRS reimbursement rate,
- any analysis which that may be conducted by the NDA.

Payment Submission

The NDA will request payment for the appropriate amount calculated above once the application is reviewed and approved,. Any payment submitted prior to NDA request will be returned.

Would you like your contact information (Farm name, county, city, e-mail) listed on the Nevada Department of Agriculture's website for potential buyers, industry stakeholders, etc.?

Yes No

Disclaimer: NO changes to this application may be made without NDA approval and a new application submitted.

I agree to abide by all laws and regulations governing the production of seed in the state of Nevada and assume responsibility for maintaining the genetic identity and purity at all stages of production including seeding, harvesting, transporting, processing and labeling. I acknowledge that my production information may be displayed on the NDA website. Production permits expire on December 31 of each year.
