

A scenic landscape photograph of a desert valley with green shrubs in the foreground and brown mountains in the distance under a blue sky with light clouds. Several tall, thin, yellow-flowered plants are in the foreground on the right side.

NEVADA NATIVE SEED FORUM

WEDNESDAY
03.23.22

9 a.m. - 5 p.m. (PST)

Fallon Convention Center
100 Campus Way
Fallon, NV 89406

NEVADA NATIVE SEED
PARTNERSHIP

The 2022 Nevada Native Seed Forum brings together stakeholders to discuss and develop local native seed strategies. Sessions will be held **in person** with the option to view **virtually**. Those attending in person must follow all COVID-19 guidelines. Sessions will cover a breadth of native seed topics including permits, collection, production, testing, certification, storage, marketing and restoration.

**Register for the Nevada Native Seed Forum
