THE USDA SPECIALTY CROP COMPETITIVE GRANT PROGRAM

Background/Overview

The Agriculture Act of 2014 (Farm Bill) authorized the U.S. Department of Agriculture (USDA) to partner with state departments of agriculture to enhance the competitiveness of growers of fruits, vegetables, and other horticultural crops in areas such as marketing, promotion, education, research, trade and nutrition.

Specialty crops are defined as:

- fruits and vegetables,
- tree nuts,
- dried fruits, and
- nursery crops (including floriculture).

Crops excluded from the program as defined by USDA's Agriculture Marketing Service include: cotton, cottonseed, feed crops (such as barley, corn, hay, oats, sorghum grain, and millet), flaxseed, food grains (such as quinoa, rice, rye, and wheat), livestock and dairy products (including eggs), marine aquaculture, oil crops (such as peanut, soybean, sunflower, safflower, rapeseed, canola, and mustard seed), peanuts, range grasses, sugar beets, sugarcane, and tobacco.

Part 1: Qualifications and Requirements

Scope of Work and Program Priorities

The Nevada Department of Agriculture (NDA) is pleased to announce a competitive solicitation process to award funds for specialty crop projects in Nevada. The sole purpose of this program is to enhance the competitiveness of specialty crops. Priorities for use of USDA Specialty Crop Competitive Grant Program funds will include, but are not limited to the activities listed below:

- Increase nutritional knowledge and specialty crop consumption
- Improve efficiency within the distribution system and reduce costs
- Support research through standard and green initiatives
- Enhance food safety
- Develop new/improved seed varieties and specialty crops

- Control pests and diseases
- Create sustainable production practices
- Establish local and regional fresh food systems
- Expand food access in underserved/food desert communities

Projects must have multiple beneficiaries and cannot be used to solely benefit one individual or organization. Examples of previously awarded projects can be found at http://agri.nv.gov/Plant/SpecialtyCrop/Previously_Awarded_Projects/.

Program Changes

Key program changes that have occurred in recent years include the following:

- Advances are no longer permitted and payment will only be issued on a reimbursement basis
- Matching is no longer required
- Indirect is not allowed
- Project performance measures and evaluations requirements have changed, particularly involving marketing focused projects. The new requirements are outlined at http://www.ams.usda.gov/sites/default/files/media/SCBGP%20FY15%20PerformanceFINAL_10272015.pdf

Letters of Intent (Required)

Letters of intent are required in order to be approved for submitting a full application and are due **March 15, 2018**. This process allows program staff to identify project eligibility and to coordinate the full proposal review process. Once letters of intent are received and reviewed, applicants will be notified whether their proposal meets the SCBGP requirements and will be instructed to submit a full application. Early letter submissions are encouraged to allow more time for accepted applicants to prepare a complete and thorough application.

Letters must be no longer than 2 pages. Letters must include a brief project description and describe how funds are anticipated to be used to enhance the competitiveness of specialty crops. An estimate for funding needed to implement the project along with a brief justification must be included. The funding estimate can be changed once a full proposal is submitted, however the estimate provided during the letter of intent phase allows staff to coordinate the review committee schedule.

Email or mail letters to ajeppson@agri.nv.gov; Attn: Ashley Jeppson 405 South 21st Street, Sparks, NV 89431.

Application Submission

The Nevada Department of Agriculture will **not** accept any submission of incomplete applications. Any applicant that fails to satisfy this deadline requirement will be considered non-responsive and will not be considered for funding under this announcement. Deadline extensions will **not** be provided to applicants that miss the posted application deadline.

The application template is required and is available at http://agri.nv.gov/Plant/SpecialtyCrop/Specialty_Crop_Block_Grant_Program/. Failure to use this template may result in your application not being accepted. Thoroughly review this request for proposal and complete all questions within the provided template. Questions involving the program can be directed to Ashley Jeppson at ajeppson@agri.nv.gov or 775-353-3675.

Applications are due **April 15, 2018**. Electronic and hardcopies must be submitted. At least 1 signed hardcopy must be submitted to the NDA and be postmarked by the due date. An electronic copy is also required and must be submitted to ajeppson@agri.nv.gov. Hard copies can be mailed to Attn: Ashley Jeppson 405 South 21st Street, Sparks, NV 89431.

Funding Availability

Approximately \$250,000 is available for funding Nevada SCBGP projects. Projects ranging from \$5,000-\$25,000 will be accepted and reviewed for selection. Funding availability for projects may increase or decrease depending on the number of applicants. Applications must be submitted for \$25,000 or less, however justification for how additional funds would be used may be detailed in the letter of intent and full application. Based on the quantity and quality of letters of intent and full applications submitted, applicants may be invited to submit proposals for >\$25,000.

Term of Grant

All projects must be completed within three years. Projects that are anticipated to be completed in less than three years are still eligible to apply. All project leads/coordinators will be required to submit annual progress reports and a final report. The final report is to be submitted no more than thirty days after the completion of the project. The expenditure of grant funds must occur within the authorized sub-grant period. Failure to fulfill reporting requirements may be cause for withholding funding, withdrawal of funding, or possible rejection of future proposals.

Projects can be up to three years and the anticipated award period would be September 2018 to September 2021.

Eligible Recipients

All entities, organizations, or individuals are eligible and must be in good standing. Debarred or suspended organizations are not eligible. Poor performance from previous SCBGP awards may also impact eligibility. Additional eligibility information includes the following:

- Applications will be accepted from non-profits, tribal organizations, minority groups, disadvantaged farmers, agricultural associations, industry groups, community based organizations, individual producers (cannot be for sole-proprietorship purposes) and academia that seek to improve the competitiveness of specialty crops in Nevada.
- Applicants must be in good standing with all grant funds and required reports associated with NDA in order to be eligible to apply.
- Any individual/organization that has been disbarred or had funding revoked with any state/federal entity will not be considered.
- Applicant projects **must** benefit more than one individual or organization.

Note: Previous sub-grantees with poor performance may not be considered for funding. The review committee is provided background sheets on previously funded projects by program management which allows a collective determination to be made on whether the project should be considered for funding. Poor performance may include late/incomplete reports, failure to respond to correspondence from SCBG Program Management staff in a timely manner, mismanagement of SCBGP funds, among other activities.

Eligible/Ineligible Crops

Eligible Specialty Crops

This list is not all inclusive. If unsure whether your crop would qualify contact the program coordinator ajeppson@agri.nv.gov. Any crop that is federally illegal to produce and distribute is not eligible for this federal program.

Fruits, vegetables, tree nuts, dried fruits, and nursery crops (including floriculture) are eligible specialty crops. A full list of eligible crops can be found at:

<http://www.ams.usda.gov/services/grants/scbgp/specialty-crop>

Ineligible Commodities

Alfalfa	Peanuts
Amylomaize	Pod corn
Barley	Primrose
Buckwheat	Quinoa
Camelina	Rapeseed oil
Canola	Range grasses
Canola Oil	Rice
Clover	Rye
Cotton	Safflower meal
Cottonseed oil	Safflower oil
Dairy products	Shellfish (marine or freshwater)
Dent corn	Sorghum
Eggs	Soybean oil
Field corn	Soybeans
Fish (marine or freshwater)	Striped Maize
Flax	Sugar beets
Flaxseed	Sugarcane
Flint corn	Sunflower oil
Flower corn	Tobacco
Hay	Tofu
Hemp	Triticale
Livestock products	Waxy corn
Millet	Wheat
Mustard seed oil	White corn
Oats	Wild Rice
Peanut oil	

Eligible Grant Projects

Examples of "enhancing the competitiveness" of specialty crops includes, but is not limited to: research, promotion, marketing, nutrition, trade enhancement, food safety, food security, plant health programs, education, increased consumption, increased innovation, improved efficiency and reduced costs of distribution systems, development of sustainable farming systems, school garden programs, farm-to-school programs, environmental concerns and conservation, product development, and developing cooperatives.

Examples of Acceptable Projects

- A State requests funding to contract with a university to conduct research on the feasibility of planting, cultivating, and growing a specialty crop in a particular area, the results of which can be shared with many growers throughout the State.
- A single grower requests funds to demonstrate the viability of organic small fruit production and partners with Cooperative Extension to publicize the working model of diversification to other regional growers.
- A single company requests funds to provide a viable pollination alternative to specialty crop stakeholders in the region, which currently does not have one.
- A single specialty crop organization requests funds to conduct an advertising campaign that will benefit their specialty crop members.
- A single farmer erects high tunnels on their property to extend the growing season of tomatoes and lettuce and conducts field days and farm tours to encourage other small family farmers to adopt the production methods.

Examples of Unacceptable Projects

- A company requests grant funds to purchase starter plants or equipment used to plant, cultivate, and grow a specialty crop for the purpose of making a profit, or to expand production of a single business.
- A State requests grant funds to make grants to individual specialty crop businesses or roadside stands to promote their individual business.
- A sole proprietor requests grant funds to redesign her/his logo in order to make her/his specialty crop value-added product stand out at the local farmers market.
- A company that develops specialty crop value-added products requests funds to train its employees how to make its value-added products.
- A specialty crop producer requests funds to promote their asparagus at a roadside stand.

Active and Good Standing and Nevada State Business License Requirements

Applicant agencies that are a Nevada corporation, LLC, LP, LLP, or LLLP must have a current Nevada Business License. Organization or individuals that have been exempted from having a business license must provide proof that they have been exempted. Non-profit corporation must show that their corporation is active and in good standing. Satisfactory proof may include one of the following from the applicant:

- A copy of the certificate of good standing or,
- A copy of an unexpired business license or,
- A print-out from the Nevada's Secretary of State's free Business Entity Search showing active status
- A copy of the exemption status which can be obtained through the Secretary of State's office

Federal Suspension and Debarment

Organizations or individuals that are suspended or debarred cannot apply for or be paid from NDA grants during the period of the suspension or debarment. In the event that an organization or individual is debarred, another entity from within the county, an adjoining county, or regional provider can compete for the program dollars. As a result, the entity awarded the grant, cannot contract and/or hire the debarred agency in any capacity. Any expenditure charged to this grant for such individuals or agencies will be disallowed.

Applicants are required to disclose to NDA if any of the following conditions apply to the agency or agency personnel:

1. Applicant has been convicted of or had a civil judgment rendered against them within the three year period preceding the application for NDA funding for any of the following:
 - a. Fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public transaction or contract under a public transaction;
 - b. Violation of a federal or state antitrust statute;
 - c. Embezzlement, theft, forgery, bribery, falsification or destruction of records, or
 - d. False statements or receipt of stolen property.
2. Applicant is presently indicted or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with the commission of any of the offenses enumerated above.
3. Applicant has had any public transaction (federal, state or local) terminated for cause or default within the three-year period preceding the application for NDA funding.

Part II: Fiscal Requirements and Terms

Fiscal Requirements/Restrictions

Advances and Cash Reimbursement

As of FY 2016 cash advances will not be permitted, only reimbursements will be issued.

Matching funds are no longer required; If including matching in an effort to demonstrate project commitment, review the types of match and record keeping requirements as listed below.

Cash Match

Cash match has to be **non-federal income** received by the applicant agency that will be used for project-related costs at the time the cost are incurred. Cash match include appropriations, fees, or third-party cash donations by the applicant agency.

In-Kind Match

In-kind (non-cash) contributions are provided by a third-party or volunteers. Donated goods and services must be necessary to the organization; that is, they are goods or services with cash value which the organization would have to purchase if not donated.

Program Income

Program income is gross income directly generated by USDA Specialty Crop Block grant activity, or earned only because of the grant agreement during the grant period of performance. Program income includes, but is not limited to, income from fees for services performed; the sale of commodities or items fabricated under this award (this includes items sold at cost if the cost of producing the item was funded in whole or partially by USDA Specialty Crop Block grant funds); registration fees for conferences, workshops, etc.

If program income will be earned, indicate the nature of the source of the income, the estimated amount, and how the income will be used to further enhance the competitiveness of specialty crops in Nevada. (For example if registration fees are being collected at a conference or workshop, indicate the estimated amount, and how that amount will be used once collected.)

Note: Program Income **must** be reinvested into the Specialty Crop Block Grant program.

Program income for purposes of this grant can be used to satisfy all or part of the non- Federal share of a proposed project.

Timing of Matching Contribution/Program Income

Matching contributions must be applied at the time of reimbursement and in proportion to the obligation of federal funds. The full matching share must be obligated by the end of the project period for which the federal funds have been made available for obligation under an approved grant program.

Records of Match/Program

Sub-grantees must maintain records which clearly show the source, the amount, and the timing of all matching contributions. In addition, if a program or project has included, within its approved budget contributions that exceed the required matching portion, the sub-grantees must maintain records of them in the same manner as it does for the awarding agency funds and required matching. Records must be maintained for a minimum of 36 months after the award is closed out.

Cost Principle and Allowable/Unallowable Costs

Cost Principles

The costs included in proposed budgets must conform to Office of Management and Budget (OMB) Uniform Guidance: Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and all applicable state laws and regulations. OMB's objective is to ensure federal funds meet the following general criteria:

- Be necessary and reasonable and allowable for proper and efficient performance and administration of the sub-grant. Cost should not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. When determining reasonableness of a given cost, the following should be considered:
 - The cost must be a type generally necessary for the organization's operations or the grants performance.
 - The cost must be in compliance with Federal, state and your organization's own established policies for incurring a cost or charge.
 - Consideration must be given for market prices for comparable goods or services in the geographic area.
 - Individual responsible for the expenditure must act with due prudence in carrying out their responsibilities to the Federal and State government and the public at large as well as to the organization.
- Be allocable to the USDA Specialty crop grant purposes, project goals and objective. If cost are shared for a good or service then that portion of the costs allocable to the grant must be in accordance to the relative benefits received. A cost is allocable to a grant if it:
 - is incurred solely to advance work under the grant;
 - benefits both the grant and other work of the organization, including other grant-supported projects and programs and can be distributed in proportions that may be approximated using reasonable methods;
 - is necessary to the overall operation of the organization under similar circumstances and is deemed to be assignable, at least in part, to the grant.
- Be authorized or not prohibited under state or local laws and regulations;

- Be consistent in assigning cost to cost objectives and must treat costs, consistently for all work of the organization under similar circumstances, regardless of the source of funding, to avoid duplicate charges.
- Be in conformance with limitations and exclusions contained in the terms and conditions of this award.

Allowable Costs

A comprehensive list of eligible/unallowable costs is available at <https://www.ams.usda.gov/sites/default/files/media/AMSGrantsTermsandConditions.pdf>. The NDA does not allow SCBGP applicants to request indirect due to the USDA indirect cap for state awards needed to recover management costs.

Financial Management

Accounting System Requirements

Financial records, statistical records, supporting documents, and other records pertinent to this award shall be retained for a period of three years from submission of the Final Project Report. Records that relate to audits, appeals, litigation, or settlement of claims arising out of the performance of the project shall be retained until such audits, appeals, litigation, or claims have been disposed of, but not earlier than three years from submission of the Final Project Report. The Program Manager, Plant Industry staff of NDA, or any of their duly authorized representatives, shall have access to any pertinent documents, books, papers, and records of the recipient organization to make audits, examinations, excerpts, and transcripts.

Co-mingling of Funds

In no case will USDA Specialty Crop Competitive Grant funds be commingled with the personal funds of, or be used for personal purposes by, any officer, employee, or agent of the recipient; nor will any of these funds be deposited in personal bank accounts for disbursement by personal check.

Supplanting

Requests that seek to replace operational funding for ongoing projects that have suffered losses of state or federal funding, or to supplant other local, state or federal funding.

Fraud, Waste, and Abuse

Anyone who becomes aware of the existence (or apparent existence) of fraud, waste, or abuse related to the AMS SCBGP grants or use of grant funds should report this information to the Nevada Department of Agriculture (NDA) and to USDA.

Fraud, waste, and abuse include, but is not limited to, embezzlement, misuse, or misappropriation of grant funds or property, and false statements, whether by organizations or individuals. Examples are theft of grant funds for personal use, using funds for non-grant related purposes; theft of federally owned property or property acquired or leased under a grant; charging inflated building rental fees for a building owned by the recipient; submitting false financial reports; and submitting false financial data in bids submitted to NDA.

Other Requirements

DUNS Requirements

DUNS

All recipients of SCBGP funds must have a DUNS number. Dun & Bradstreet (D&B) Provides a DUNS Number, a unique nine digit identification number, for each physical location of your business. DUNS Number assignment is FREE for all businesses required to register with the US Federal Government for contracts or grants. DUNS numbers may be obtained by visiting: <http://fedgov.dnb.com/webform/pages/CCRSearch.jsp> or calling 1-866-705-5711

Conflict of Interest

Sub-recipients grantee agencies shall avoid any action that might result in or create the appearance of:

- Giving preferential treatment to any person,
- Losing complete independence or impartiality,
- Adversely affecting the public confidence in the integrity of the program.

No sub-recipient employees may participate in the process of contracting or sub-granting out Federal funds if any real or apparent conflict of interest would be involved. Sub-recipient employees are to neither solicit nor accept gratuities, favors or anything of value from contractors, or parties to sub-agreement.

Part III: Letter of Intent and Application Process

Application and Submission Instructions

All applicants must submit proposals according to the instructions provided in this announcement. Applications not submitted in the manner prescribed in this announcement will be considered non-responsive. Non-responsive applications will not be considered for funding.

There are six sections to be completed (please use the Order and Attachments section to be sure to Complete *all* information requested). Proposals that are incomplete and do not satisfy all the requirements will be disqualified.

Applications will only be accepted from those that received approval from NDA during the letter of intent phase. All copies must be signed. Proposals received after 5:00pm on April 15, 2018 may not be considered for funding.

Application Formatting and Length Instructions

Please complete your proposal in a Microsoft Word Document

Application Font: Times New Roman

Application Font Size: 12 point

Application Spacing: Single-spaced

Application Printing: Single-sided

Binding: Bind Clips only. Application cannot be stapled, in three ring binders, or otherwise bound.

Submission Instructions

Application must be received by Ashley Jeppson via email ajeppson@agri.nv.gov and mail (or drop-off to location listed below).

- The application must be typed. Incomplete applications will not be considered. Please ensure that you thoroughly read this document and address all questions completely prior to submission. Complete the required format in a Microsoft Word document. Applications are due by April 15, 2018. Letters of intent must be submitted by March 15, 2018 and approval from NDA staff must be received in order to submit a full application.
- Applications will be accepted via mail, electronic mail, express delivery or hand delivery to the NDA office at 405 South 21st Street, Sparks NV 89341.

Both an electronic copy (word document) and a hard copy of your application must be received. When submitting a hard copy, include a minimum of 1 signed, unbound original (applications must not be permanently bound or in a notebook). Send applications to both the address and e-mail below:

October 2018 – Anticipated Award Start Date

October 2018– Sub-awardees must sign agreements/contracts and submit to NDA

October/November 2018 – Release of Grant funds. Projects may commence once contract is signed by both parties and approval is received from the State Interim Finance Committee

Part IV: Application Template

Application/Project Profile Template

SCBGP PROJECT PROFILE TEMPLATE

Project Title

Provide a descriptive project title in 15 words or less in the space below.

Duration of Project

Start Date: Start Date

End Date: End Date

Project Partner and Summary

Include a project summary of 250 words or less suitable for dissemination to the public. A Project Summary provides a very brief (one sentence, if possible) description of your project. A Project Summary includes:

1. The name of the applicant organization that if awarded a grant will establish an agreement or contractual relationship with the State department of agriculture to lead and execute the project,
2. A concise outline the project's outcome(s), and
3. A description of the general tasks to be completed during the project period to fulfill this goal.

FOR EXAMPLE:

The ABC University will mitigate the spread of citrus greening (Huanglongbing) by developing scientifically-based practical measures to implement in a quarantine area and disseminating results to stakeholders through grower meetings and field days.

Project Purpose

Provide the Specific Issue, problem or need that the project will address. How will this project enhance the competitiveness of specialty crops? How is the project timely? How will the project have multiple beneficiaries?

Provide a Listing of the Objectives that this Project Hopes to Achieve

Add more objectives by copying and pasting the existing listing or delete objectives that aren't necessary.

Objective 1:

Objective 2:

Objective 3:

Objective 4:

Add other objectives as necessary

Project Beneficiaries

Estimate the number of project beneficiaries:.....Enter the Number of Beneficiaries

Who are the beneficiaries and how will they directly and/or indirectly benefit from the project?

Does this project directly benefit socially disadvantaged farmers as defined in the RFA?

Yes ☐ No ☐

Does this project directly benefit beginning farmers as defined in the RFA?

Yes ☐ No ☐

Statement of Solely Enhancing Specialty Crops

By checking the box to the right, I confirm that this project **solely** enhances the competitiveness of specialty crops in accordance with and defined by [7 U.S.C. 1621](#).

☐

Further information regarding the definition of a specialty crop can be found at www.ams.usda.gov/services/grants/scbgp.

Continuation Project Information

1. If your project is continuing the efforts of a previously funded SCBGp project, address the following:
 - Describe how this project will differ from and build on the previous efforts
 - Provide a Summary (3 to 5 sentences) of the outcomes of the previous efforts
 - Provide lessons learned on potential project improvements
2. What was previously learned from implementing this project, including potential improvements?
3. How are the lessons learned and improvements being incorporated into the project to make the ongoing project more effective and successful at meeting goals and outcomes?
4. Describe the likelihood of the project becoming self-sustaining and not indefinitely dependent on grant funds

Other Support from Federal or State Grant Programs

The SCBGp will not fund duplicative projects. Did you submit this project to a Federal or State grant program other than the SCBGp for funding and/or is a Federal or State grant program other than the SCBGp funding the project currently?

Yes

☐

No

☐

If your Project is receiving or will potentially receive Funds from another Federal or State Grant Program

- **Identify the Federal or State grant program(s):**

Describe how the SCBGp project differs from or supplements the other grant program(s) efforts.

External Project Support

Describe the specialty crop stakeholders who support this project and why (other than the applicant and organizations involved in the project).

Expected Measurable Outcomes

Select the Appropriate Outcome(s) and Indicator(s)/Sub-Indicator(s)

You must choose at least one of the eight outcomes listed in the [SCBGP Performance Measures](#), which were approved by the Office of Management and Budget (OMB) to evaluate the performance of the SCBGP on a national level.

Outcome Measure(s)

Select the outcome measure(s) that are applicable for this project from the listing below.

- ☐ **Outcome 1:** Enhance the competitiveness of specialty crops through increased sales (required for marketing projects)
- ☐ **Outcome 2:** Enhance the competitiveness of specialty crops through increased consumption
- ☐ **Outcome 3:** Enhance the competitiveness of specialty crops through increased access
- ☐ **Outcome 4:** Enhance the competitiveness of specialty crops through greater capacity of sustainable practices of specialty crop production resulting in increased yield, reduced inputs, increased efficiency, increased economic return, and/or conservation of resources
- ☐ **Outcome 5:** Enhance the competitiveness of specialty crops through more sustainable, diverse, and resilient specialty crop systems
- ☐ **Outcome 6:** Enhance the competitiveness of specialty crops through increasing the number of viable technologies to improve food safety
- ☐ **Outcome 7:** Enhance the competitiveness of specialty crops through increased understanding of the ecology of threats to food safety from microbial and chemical sources
- ☐ **Outcome 8:** Enhance the competitiveness of specialty crops through enhancing or improving the economy as a result of specialty crop development

Outcome Indicator(s)

Provide at least one indicator listed in the [SCBGP Performance Measures](#) and the related quantifiable result. If you have multiple outcomes and/or indicators, repeat this for each outcome/indicator. Do not group indicators! They must be broken out for each outcome selected.

FOR EXAMPLE:

Outcome 2, Indicator 1.a.

Of the 150 total number of children and youth reached, 132 will gain knowledge about eating more

Miscellaneous Outcome Measure

In the unlikely event that the outcomes and indicators above the selected outcomes are not relevant to your project, you must develop a project-specific outcome(s) and indicator(s) which will be subject to approval by AMS.

Data Collection to Report on Outcomes and Indicators

Explain how you will collect the required data to report on the outcome and indicator in the space below. This needs to be reported for each outcome.

Work Plan

- Please format as a table, see below for an example
- Does the work plan adequately describe the activities necessary to accomplish the project objectives?
- Does the work plan indicate who will do the work of each activity, including sub grantees, and/or contractors?
- Does the work plan include the performance monitoring/data collection plan activity described in the expected measureable outcome section?
- Does the work plan include timelines for each activity (at least month and year) and beginning and end dates for the project?
- Does the timeline show that the project will be completed within the grant period?

Budget Narrative

All expenses described in this Budget Narrative must be associated with expenses that will be covered by the SCBGP. If any matching funds will be used and a description of their use is required by the State department of agriculture, the expenses to be covered with matching funds must be described separately. Applicants should review the Request for Applications Funding Restrictions prior to developing their budget narrative.

Travel

Explain the purpose for each Trip Request. Please note that travel costs are limited to those allowed by formal organizational policy; in the case of air travel, project participants must use the lowest reasonable commercial airfares. For recipient organizations that have no formal travel policy and for-profit recipients, allowable travel costs may not exceed those established by the Federal Travel Regulation, issued by GSA, including the maximum per diem and subsistence rates prescribed in those regulations. This information is available at <http://www.gsa.gov>. Visit <https://www.ams.usda.gov/sites/default/files/media/AMSGrantsTermsandConditions.pdf> for more information on Allowable and Unallowable Costs and Activities, Travel, and Foreign Travel for further guidance.

By checking the box to the right, I confirm that my organization's established travel policies will be adhered to when completing the above-mentioned trips in accordance with [2 CFR 200.474](#) or [48 CFR subpart 31.2](#) as applicable. ☐

Equipment

Describe any special purpose equipment to be purchased or rented under the grant. "Special purpose equipment" is tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost that equals or exceeds \$5,000 per unit and is used only for research, medical, scientific, or other technical activities. Visit

<https://www.ams.usda.gov/sites/default/files/media/AMSGrantsTermsandConditions.pdf> for

Supplies Justification

Describe the purpose of each supply listed in the table above purchased and how it is necessary for the completion of the project's objective(s) and outcome(s).

Contractual/Consultant

Contractual/consultant costs are the expenses associated with purchasing goods and/or procuring services performed by an individual or organization other than the applicant in the form of a procurement relationship. If there is more than one contractor or consultant, each must be described separately. (Repeat this section for each contract/consultant.)

Itemized Contractor(s)/Consultant(s)

Provide a list of contractors/consultants, detailing out the name, hourly/flat rate, and overall cost of the services performed. Please note that any statutory limitations on indirect costs also apply to contractors and consultants.

Conforming with your Procurement Standards

By checking the box to the right, I confirm that my organization followed the same policies and procedures used for procurements from non-federal sources, which reflect applicable State and local laws and regulations and conform to the Federal laws and standards identified in [2 CFR Part 200.317 through.326](#), as applicable. If the contractor(s)/consultant(s) are not already selected, my organization will follow the same requirements.

Other

Include any expenses not covered in any of the previous budget categories. Be sure to break down costs into cost/unit. Expenses in this section include, but are not limited to, meetings and conferences, communications, rental expenses, advertisements, publication costs, and data collection.

If you budget meal costs for reasons other than meals associated with travel per diem, provide an adequate justification to support that these costs are not entertainment costs. See Request for Applications Allowable and Unallowable Costs and Activities, Meals for further guidance.

Program Income

Program income is gross income—earned by a recipient or subrecipient under a grant—directly generated by the grant-supported activity, or earned only because of the grant agreement during the grant period of performance. Program income includes, but is not limited to, income from fees for services performed; the sale of commodities or items fabricated under an award (this includes items sold at cost if the cost of producing the item was funded in whole or partially with grant funds); registration fees for conferences, etc.

Financial Management Assessment (Include under Budget Narrative)

Address the following questions with your budget narrative:

1. Please detail your organization's current sources of funding (including other NDA contracts and grants), identify the funding agency, the program name, the types of funds (i.e. Federal, State, local, private, etc.).
2. Are you currently seeking other funds from the Nevada Department of Agriculture through RFA's or RFP's. If yes, please list.
3. Has your organization administered programs similar to your current grant proposal? If yes, please list and explain.
4. How many years has your organization been in existence?
5. How many total Full Time Equivalents (FTE)s are there in your organization?
6. How many total FTE perform accounting functions within your organization?
7. How are the financial records maintained to identify the source/revenue and program/expenditure of funds?
8. How will sub-grant funds accounted for separately from other funding sources in your organization's accounting records?
9. This sub-grant will be on a cash reimbursement basis. What will your organization's source of cash be and how will your organization manage its cash flow between the time costs are incurred and reimbursed?

Authorization

By signing this Application, the Authorizing Agent is guaranteeing that the information contained in this Application is correct and verifiable. The Authorizing Agent is also affirming that the funds requested herein will be used for the specific purpose outlined in this Application and for no other purpose. (Attach a resolution of the governing body of the applicant organization, authorizing this person to submit the application in the name of the organization.)

Disclosure: By signing this section you are certifying that all the enclosed information is not in conflict with any other federal funding, dually funded, or previously funded by any other federal source.

Part V: Application Review and Selection Process

Application Review and Selection Process

Letters of intent are utilized for assessing the eligibility for proposed projects. If determined to be eligible, applicants receive approval for submitting a full application.

Technical and Fiscal Review

Applications will be reviewed internally by the Department's fiscal staff who provide a financial and technical review for eligibility, completeness, accuracy and compliance with the requirement outlined in this announcement. If an applicant grant packet is deemed ineligible, fiscal staff will provide information about the components or elements that did not meet state eligibility requirements.

Evaluation Committee/Criteria

During the application review process, clarification regarding application content may be requested. In addition, budget modification may be requested to align individual project budgets with total funding availability.

Score sheets utilized by the review committee can be found at [\(http://agri.nv.gov/Plant/SpecialtyCrop/Specialty_Crop_Block_Grant_Program/\)](http://agri.nv.gov/Plant/SpecialtyCrop/Specialty_Crop_Block_Grant_Program/)

If applicants would like to review a summary of their evaluation criteria, a request can be submitted to the Program Coordinator within 30 days of receiving written notice of application review status. Proprietary information involving proposals will not be released. This may include income, trade secrets, patent information, personal identification details, etc.

The evaluation process will include the use of an independent review panel of experts or qualified individuals, overseen by State department of agriculture officials, to evaluate and score applications and recommend project proposals for selection. The review panel should also provide a recommended award amount for project proposals.

This includes the factors and reasons for selecting an applicant and any changes in project proposal ranks/scores that may occur during the review process. All documentation affecting the decision to approve, disapprove, defer, or otherwise not fund an application should be maintained in an accessible, centralized program file.

Review panel members must be free from conflicts of interest and conduct fair and impartial reviews. The SCBGP encourages State departments of agriculture to require and keep on file written conflict of interest disclosures from their review panel members.

Individuals that have a conflict of interest may have:

- Served as advisors/advisees of the applicant;
- Collaborated with the applicant over a designated amount of time; currently affiliated with, previously employed by, or are being considered for employment at the institution(s) of the applicant(s);

- Hold a personal/familial relationship with the applicant(s); or
- In recent years, participated in a consulting/financial arrangement with the applicant.

Program staff who are directly involved with the management of the grant program or who meet any of the criteria above, should also not participate in the review panel. Conflicts of interest have the potential to diminish the credibility of the selection process and leave the State vulnerable to challenges about the fairness of their competitive review process.

NDA's project evaluation scoring sheet can be found at:

http://agri.nv.gov/Plant/SpecialtyCrop/Specialty_Crop_Block_Grant_Program/

Appeal Process

If an application is not funded, the applicant may appeal if the applicant demonstrates one of the following: 1) The application was submitted incorrectly; 2) Department staff provided misinformation; or 3) Department staff failed to follow existing policies.

Notice of Appeal must be made in writing on the applicant agency's letterhead to the Fiscal Administrator of the Nevada Department of Agriculture within seven (7) calendar days of the Intent to Award announcement on the Department's website. The Notice of Appeal must be signed by the same Authorized Representative who signed the application submittal cover letter.

USDA Final Approval

All NDA-approved projects will be developed into a single grant submission to the USDA. They will review applications according to federal grant requirements and specific parameters of SCBGP and NDA will provide any request for follow-up information. Upon approval from USDA, the Department will notify applicants of their status. Awards will not be made to any sub-grantee until a final grant award is made to NDA by the USDA and approved by the State of Nevada's Interim Finance Committee.

Part VI: Grant Award/Post-Award Process

Grant Award/Post-Award Process

Grant Acceptance/Grant Management Process

Upon final approval, all sub-grant recipients must sign a Notice of Sub-grant Award Agreement stating that funds shall be used as described in the final scope of work. A signed and initialed grant guidelines document must also be submitted in order to demonstrate acknowledgement and understanding of sub-grant requirements.

Post-Award Management

By signing the sub-agreement you agree to the terms in the Uniform Federal Assistance Regulations, complete activities outlined in your approved proposal, all state and federal laws, approved budget, Nevada Department of Agriculture policy/procedures, and Award Terms and conditions of parent award.

Sub Award Document /Contract

- Disclose Conflicts
- Use award funds for purposes only as specified in agreement.
- You must comply with all labor laws, Civil Rights Act of 1964, and the
- American Disabilities Act.

Budget or Programmatic Changes

All requests for programmatic and budget changes to grant awards must be submitted in writing. Grantees cannot make changes to the grant award without written prior approval from the Nevada Department of Agriculture. Proposed programmatic and budget changes can be mailed to:

Nevada Department of Agriculture
Plant Industry Division
Attn: Ashely Jeppson, Specialty Crop Block Grant Program Coordinator
405 South 21st Street
Sparks, NV 89431

Or, proposed programmatic and budget change may be submitted by email to:

ajeppson@agri.nv.gov

Proposed programmatic and budget changes will be reviewed by program staff for their reasonableness. A final decision will be issued in writing to the grantee.

Written prior approval is necessary, but limited to the following as they are anticipated:

- Revision to the scope, objectives, location, or methodology of the sub-grant award;
- Change in key personnel when as specified in application package and sub-grant award;
- Cumulative transfers among direct cost categories, or, if applicable among separately budgeted activities or projects which exceed 10 percent.

Requests must be in writing prior to the change. They will be accepted via e-mail or hardcopy and should include a description, justification, and the project lead signature (who signed the agreement).

Extensions to the award dates will not be approved beyond the three year award.

Request for Reimbursements

Request for Reimbursements

Funds are disbursed on a reimbursement basis and upon submission of a ~~request for reimbursement~~ form and adequate supporting documentation. Reimbursement requests ***must be*** turned in on a quarterly basis. Supporting documentation includes receipts, invoices, and copied checks of approved purchases. If receipts do not clearly specify what items were purchased and utilized for grant activities you must specify. Itemized expense reports are strongly encouraged. Payments will be made within 30-45 days after receipt of properly completed reimbursement requests. Advances will not be issued. All requests for reimbursements must include documentation verifying expenses.

Expenses must be submitted at least quarterly per the federal parent award requirements.

All funds must be expended by the expiration date listed on the sub-grant agreement. Final reports are due 30 days after project completion.

Reimbursement Request Quarterly Deadlines

Quarter 1: July-Sept. October 31st

Quarter 2: Oct-Dec January 31st

Quarter 3: Jan-March April 30th

Quarter 4: April-June July 31st

Withholding Payments

NDA reserves the right, upon written notice, to withhold future payments if the recipient fails to comply with the conditions of the award, including reporting requirements. In addition, if sub-grantees fail to respond to program staff correspondence in a timely manner, funds will be put on hold and could ultimately be revoked.

Project Monitoring and Site-Inspections

Program staff or their authorized representatives have the right, at all reasonable times, to make site visits to review project accomplishments and management control systems, and to provide such technical assistance as may be required. Site Inspections may be performed to ensure the following:

- Adequate progress is being made toward achieving the grant project's goals, objectives, and targets. (Reference your work plan)
- Ensure activities are in compliance with your signed contract, all federal and State laws or statutes, AMS regulations and policy, NDA Department policy.
- Refer to the clauses in your sub-award be aware of federal guidelines via websites or ask staff.
- Keep your records for access by staff for three years after the final report deadline.
- Use of federal funds ethically and responsibly.

<h2>Reporting Requirements</h2>
--

Performance Reports are required

- All projects must complete two annual performance reports and one final report.
- If your project was approved to end early you may submit a final report in lieu of the 2nd annual report.
- If you need your specific dates please contact us. Generally a 1st annual report is due one year into the project and a 2nd annual report at the end of the 2nd year. Final Reports are due 30 days after the expiration of your project.
- You will receive notification from NDA Program staff reminding you a report is due. The notice will be issued approximately 30 days prior to being due.
- Reports are required to be submitted and timely per your contract. Use the checklist and report examples provided in the reminder. These are also available on-line.
- Reports will be accepted via e-mail (a digital copy is required).
- The reporting function mainly serves as a report of activities during that period.
- Reports that are approved become public record.
- Your audience is the United States Government and officials of it including Congress.

- Use a concise business writing format
- More information will be sent outlining the reporting requirements and content within 30 days of report due dates
- Sub-grantees must report on the activities outlined in their approved scope of work to ensure federal funds are being utilized appropriately

Report Checklist and Format

Examples and checklists are available on the [USDA SCBGP webpage](#).

Acknowledgement of Support

An acknowledgement of the Program **MUST** appear in any publication or at any significant event based on this project. Terms should include “This project was funded (or funded in part) by the Nevada Specialty Crop Grant Program.” The USDA logo is not to be utilized in any publications. The NDA logo may be used if approval is received.

Project Close Out

All funds must be expended by the expiration date listed on the sub-grant agreement. Final reports are due 30 days after project completion. Report notifications will be sent by program staff along with reporting requirements.
