

Allium Crop Registration Form

Division of Plant Health & Compliance

The following form is used to register Allium (Garlic, Onion, etc.) crops being grown within the state of Nevada. Annual registration of all Allium crops is mandatory per [Nevada Administrative Code, Chapter 554.910](#). When filing this form with the Nevada Department of Agriculture, ensure that all regulatory requirements are reviewed. Allium crops require a yearly inspection to survey for the presence of white rot (*Sclerotium cepivorum*) and stem and bulb nematode (*Ditylenchus dipsaci*). Additionally, garlic producers who intend to produce certified seed in Nevada will need to file the supplementary “certified garlic seed application” form.

Select here if you do NOT want to receive industry updates and notice of items that could impact your business.

INSTRUCTIONS

1. Submit registration form by the following dates:

Garlic:	March 30th
Garlic Seed:	February 15th
Onion:	May 1st

2. Enclose a detailed field map with registration packet

3. Ensure that form is signed and filled out completely prior to submission

4. Submit application via email to: rwilhelm@agri.nv.gov or via mail to:

Nevada Department of Agriculture
Attn: Seed Program
405 South 21st Street
Sparks, NV 89431

5. An invoice will be compiled and sent to applicant after the registration form has been processed and all documents have been filed for the given crop year. Fees for each crop type are provided below:

Crop	Price/Acre
Garlic – True Seed	\$5.00
Garlic – Vegetative Seed	\$14.00
Onion – True Seed	\$5.00

6. You will be contacted by a Department representative to schedule a field inspection after the registration form has been fully processed.
